

The JPIC Team

"To develop a JPIC Network in order to strengthen links between us so that like "antennae" receiving and transmitting life, we may act together in effective corporate action for JPIC" (General Chapter 2001 statement)

NEW JPIC TEAM

Many thanks to the new Team: Catherine Dunne (Co-ordinator), Patsy Butler, Brigitte Dalton and Dorothy Ward for undertaking this ministry in the Province. Patrice will be their link with the Council.

In view of our Province and General Chapter calls, suggestions from previous JPIC Teams, and suggestions from Areas Days, the focus for this new team will be to work with the Province in relation to Human Trafficking, especially women and children.

Over the years the previous JPIC Team helped to raise our awareness and integrate in our lives a commitment to several aspects of Justice, Peace and Integrity of Creation. We can continue to alert one another to these at local level and through Exchange/Echange.
